SUPPLIER CAPABILITY CATALOGUE

Our members Capability Statements
all in one document so you don't
have to go searching.

 196 Kingaroy Street, Kingaroy

 info@kcci.asn.au

 kcci.asn.au

An aerial photograph of Kingaroy, Australia, showing a mix of residential houses, commercial buildings, and a large parking lot. The image is overlaid with orange and blue geometric shapes and white text boxes. A dashed white circle is in the top left, and a solid white circle is in the bottom left.

Vision

KINGAROY
the commercial
centre of the
South Burnett.

Mission

We're here to support the
Kingaroy business community
in their efforts to continuously
improve and collaborate for
long-term sustainability.

When local businesses thrive, the entire region thrives.

The Kingaroy Chamber of Commerce and Industry is proud to implement their 2024-2025 Strategic Plan, with an ongoing vision to see that KINGAROY realises its role as the commercial centre of the South Burnett." Our mission is clear: *We're here to support the Kingaroy business community in their efforts to continuously improve and collaborate for long-term sustainability.* This catalogue will help our business community reach those goals.

3

This initiative showcases that businesses in Kingaroy and the surrounding areas are sophisticated and ready to supply. By participating in larger projects, local businesses can build capacity, hire more staff, and inject money directly into the local economy.

When local businesses thrive, the entire region benefits. The economic boost provided by these projects trickles down into community and sporting organisations, enhancing the overall quality of life in the South Burnett, a regional lifestyle we're all here to chip into and preserve its charming life-work balance on offer.

Our Supplier Capability Catalogue is not just a tool for business growth; it is a catalyst for community development and is indeed the pathway to realised prosperity.

By facilitating these connections, the Kingaroy Chamber of Commerce and Industry ensures that our members are front and center in the region's economic expansion. This Catalogue shows our commitment to advocating for our members, guiding them through the initial steps of supplier contracts, and helping them develop their capability statements. This strategic approach ensures that Kingaroy businesses are not only ready to meet local supplier targets but are also poised for long-term success.

Enclosed in these pages are local businesses who have backed a cause larger than themselves by joining in with their local Business Chamber; and are ready to supply the \$1bn worth of projects on offer, looking for local suppliers to meet their needs.

Development Engagement

The Kingaroy Chamber of Commerce and Industry has focussed on delivering it's 2024-2025 Strategic Plan, with this document a key outcome of the pillar of 'Development Engagement.'

Under this pillar we are advocating for our members to ensure that they are at the forefront of the \$1 billion worth of local projects available to our region in the short-term. This pillar, and the Supplier Catalogue outcome assists members to think critically about their capability statements and guides them through the initial steps of gaining supplier contracts.

Development Engagement

Local Supplier Advocacy

- Major Projects Capability Statement Directory
- Signed understanding with all levels of government

Developer's Welcome

- KCCI Development Engagement Process

Training and Events

- Capability Statement Workshops
- 'Get Better' Workshops
- Preparing for Growth Workshops

Equally, for the developer too

The Supplier Capability Catalogue has been equally designed to assist developments in meeting their local supplier targets by providing an easy-reference booklet of our members who are ready and able to supply.

This proactive approach aims to bridge the gap between local businesses and large-scale projects, fostering economic growth and community development.

GROWING WITH PURPOSE

With \$1bn dollars on Kingaroy and the South Burnett's doorstep, we're advocating for our community to supply the growth, so that we can continue growth.

About

Total Building Solutions (QLD) is a family owned and operated business servicing the South Burnett and beyond for the past 18 years. With a dedicated professional team with years of experience, we aim to provide quality service and materials for all projects big and small. When it comes to building supplies, Total Building Solutions is the only way to go. With everything for Commercial builders, Tradies and the DIY'ers, Total Building Solutions are a dedicated team ready to help. From hardwood, pine framing and mouldings, to landscaping timber and plasterboard, we've got supplies for every construction project. We provide you the best quality products for your construction. Authorized distributor for Taubmans paints plus we stock quality hardware brands like Unipro, USG Boral/Kanuf, BGC/Etex, Hume Doors, Ox Tools, and EGO just to name a few.

Help us keep businesses smiling

50+

Mental Health Sessions
provided to local
businesses using
SMILE funding.

The Kingaroy Chamber of Commerce & Industry(KCCI) introduced the S.M.I.L.E. Initiative, focusing on **Mental Health & Wellbeing** through Information, Leadership, and Education. KCCI partnered with Bunyarra Wellbeing Co for the N.I.C.L program, offering free group training to KCCI member business owners and one additional staff member. Developed by Michael Sanford, the program emphasises early intervention techniques to Notice, Inquire, Connect, and Link with individuals. The goal is to equip participants with skills to initiate conversations and identify potential concerns. KCCI emphasises the importance of early intervention, encouragement, and support in addressing mental health issues, directing individuals to local providers listed on their website for professional assistance. If someone in your business needs Mental Health support, it's our commitment to better business Mental Health outcomes. The first session is on us using the money you donate for this purpose.

The S.M.I.L.E. Initiative continues to proactively reduce the impact of mental wellness, recognising the role of professionals in providing further support.
